## West Virginia Cancer Registry

State-Specific v24 Edits Metafile Information

October 4, 2023

The West Virginia Cancer Registry (WVCR) does not require or maintain custom fields. The WVCR therefore will not be posting a custom v24 edits metafile.

**Software vendors should use the most current NAACCR Standard Edits Metafile as the required edit set for West Virginia facilities.** The WVCR instructs facilities to clear NAACCR Standard Edits before submitting cases to the central registry.
